Over the last 24 years GSCI has been designing, developing and manufacturing enhanced night vision and thermal imaging systems primarily for Professional End Users in military and law-enforcement sectors. GSCI brand has globally become a synonym for quality, reliability, performance and exceptional customer service.

The time has come to present the new GSCI-made thermal weapon sight the WOLFHOUND to the commercial market. This product combines the best of both worlds: performance combined with GSCI's bulletproof reliability, while being economically priced.

WOLFHOUND-38

FPA Format	384x288, 17um
Spectral Range	8 .. 14um
Shutterless FPA	Yes
Refresh Rate	50Hz
Sensitivity	50mK @ f/1.0
